**BEFORE THE ELECTION COMMISSION OF PAKISTAN**

***Name of the Petitioner: Muhammad Yousaf S/o Chand Khan, R/o Village Badoki, P.O. Same, Tehsil Model Town, District Lahore.***

**SUBJECT MATTER: REPRESENTATION AGAINST THE PRELIMINARY DELIMITATION PROPOSALS OF NA-134 & NA-132 OF DISTRICT LAHORE UNDER RULE 12 OF ELECTION RULES, 2017.**

*Respectfully sheweth:*

- 1. That the petitioner is a registered voter of the Union Council Pandoki, Tehsil Model Town, District Lahore and his name is duly reflected in the concerned voter list at serial No.229 and Block Code bearing No.259030202. Copy is attached herewith.*
- 2. That initially the petitioner / objector was the voter of the previous NA-129 and PP-159 of District Lahore. It is pertinent to mention here that at that very time, NA-129 was the smallest NA of District Lahore and PP-159 was the biggest PP of the Lahore. It is also worth mentioning over here that under that very NA 129 there was only one PP-159, whereas in the whole district there were two PPs under one NA.*
- 3. That the petitioner is a political activist, belongs to a political family who has always participated in Election*

process starting from Union Council till National level. It is also pertinent to mention over here that the petitioner's family contesting the elections of the Provincial Assemblies since 1988 till today and so many times elected as Member District Council / Nazim and Chairman etc. which shows the credentials on the part of the family of the petitioner being a true democratic believer.

4. That the constituencies were delimited by the Delimitation Committee which targeted the Union Council of the petitioner / objector just to oust the petitioner from the constituency which were remained the part and parcel throughout the elections since 1988. The delimitation Committee Punjab delimited the NA-134 as under;

(a) The following census charges of Model Town Tehsil

1(1) Charge No.4 excluding circle No.1&2

2(1) Charge No.16 excluding circle No.1,2,3 & 4

3 Charge No.2

4 Charge No.3

It is pertinent to mention over here that the Union Council of the petitioner / objector consisting of Census Circles No.1, 2 & 6 of Charge No.3 of Tehsil Model Town. It is pertinent to mention over here that the said three census circles No.1, 2 & 6 of charge No.3 consisting upon population 33,518/- and that very population having no geographical compactness with the NA-134 which is the basic principle enumerated in section 20 of the Elections Act, 2017 which provided that the population should be distributed in geographically compact areas which is violated by the

- delimitation committee of Punjab while making the proposed delimitations of constituencies NA-134.
5. That the maps which are annexed with the objection petitions clearly shows and also established by the revenue department that the census, circles bearing No.1, 2 & 6 of charge No.3 of Tehsil Model Town is not geographical compact and connected with the NA-134 rather it is geographical compacted with the NA-132. It is pertinent to mention over here that the criteria of the population provided in the principles of delimitation also did not disturb while putting the population in circles No.1, 2 and 6 of Charge No.3 of Tehsil Model Town into NA-132.
  6. That another most important factor which is the existing boundaries of Administrative units which is violated by the delimitation committee only census circles of 1,2 and 6 of charge No.3 of Model Town Tehsil and the same was included in the NA-134, while violating the administrative boundaries of Tehsil Model Town and that is the only area of Tehsil Model Town which was included in NA-134 which is consisting upon Tehsil Raiwind that's why the principle of geographical compactness, distribution of population as well as the existing boundaries of administrative units and facilities of communication, public convenience are violated which could be established by the existing as well as proposed delimitation.
  7. That the union council of the petitioner / objector remained always the part and parcel of NA-132 which was previously known as NA-129.
  8. That if the union council of the petitioner / objector was not excluded from the NA-134 and included in the NA-

9 ✓  
132, the population of the area will be suffered an irreparable loss and will be deprived from true representation.

In view of the above proposals, it is therefore prayed by accepting the representation, the census circles No.1, 2 and 6 of charge No.3 Tehsil Model Town may kindly be excluded from NA-134 and included in NA-132 in the supreme interest of justice and fair play.
