1-2

DISTRICT OF NAROWAL
Constituency NO. NA-77 and NA-78
Memorandum for Corrigendum by the Election
Commission of Pakistan

INTRODUCTION

1. Narowal District now has only two National Constituencies, NA-77 and NA-78.
2. The District had only two Tehsils, Shakargarh and Narowal since more than a century. A third Tehsil Zafarwal was created by slicing pieces of the two Tehsils in 2005.
3. Perhaps never in history such a glaring use of gerrymandering techniques were made.

The total denial of all rules for constituency making:

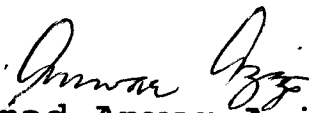

1. Please observe the declared lines of NA-77 and our proposed Constitution of NA-77 on the miniature maps attached as the first annexure. It makes our whole case with one look.
2. According to rules the following violations have been made:-
 - a. Administrative units have been totally disturbed.
 - b. The demarcation has not been started from the northern most point of the District.
 - c. The demarcation has not moved in the clockwise manner.

- 2 -
- 8/30/03/2018
- d. The homogeneity of the population has been destroyed.
 - e. The areas have not been kept compact.
 - f. The facilities of communication have been disturbed.
 - g. The homogeneity of population has been totally disturbed.
 - h. The District Narowal has five provincial seats, the joke is that NA-77 has positions of four provincial seats included in it.

PRAYER

Let the centuries old Tehsils remain as the population has lived together and participate in elections as they have done before. Factors of population can be covered as well, with this point in view.

Yours Obediently

Muhammad Anwar Aziz Ch.
S/o Dr. Abdul Aziz (late)
Resident of Village Kayal
Shakargarh District Narowal.
