5. That reason to reproduce the details of para No.3 & 4 in this representation is to highlight many things unnatural, i.e. areas, population etc of some constituencies which are apparent on the face of record.

6. That if one has to examine the material relating to that area, from naked eye it appears that "Union Council Pedraak" which is not a natural part of the constituency has been included in the constituency wrongly and against the spirit of law and scheme of delimitation.

7. That in the circumstances, the petitioner being a registered voter of NA/ PB in question i.e. NA-271 and PB-45 Kech-I is aggrieved/ interested to correct the wrong made in preliminary delimitation to file this representation cum objection on the following amongst other grounds:-

G R O U N D S

A. That till now the final census report has not been published, as such, the whole exercise appear to be premature.

8/30/03/28

- B. That there are no similarities while making the constituencies in respect of areas and population, hence on this count too it is bad.
- C. That the maps of the constituencies prepared by this Commission have been supplied late besides are incorrect and do not tally with the maps of Survey department even it is not in consonance of Goggle maps, hence the commission may look into.
- D. That area of PB-45 Kech-I is measuring 11250 Sq Km while the areas of remaining three constituency of Kech PB-46 to 48 are 11289 Sq km respectively, total of which comes to 22539 Kms which itself speaks something wrong.
- E. That the criteria meant in the Election Act, 2017 and the rules have been ignored resulting miscarriage of justice.
- F. That an area namely Union Council Pedraak has been included in the constituency in question but this area is not connected with the remaining part of the constituency in question in between the both, a mountain range is situated which is separating the area of PB-45 Kech-I from remaining part of constituency but ignored.

-6-

G. That "Union Council Pedraak" actually and factually is connected with Turbat city i.e. PB 46 or PB-47 hence the area named above may be the natural part of these two constituencies but not of PB-45, so it is suggested that after separation of "Union Council Pedraak" from PB-45, it may be included either in PB-46 or PB-47 and a report to this effect could be obtained from the local administration about its connectivity.

H. That reasons to make the constituency would be the harmony between the local population and their convenience which principle has been violated while notifying the preliminary constituencies, hence required to be corrected.

It is, therefore, respectfully prayed that preliminary delimitation may be revised, the area "Union Council Pedraak" may be separated from PB-45 and be added either in PB-46 or 47 with any other relief as deem fit and proper in the circumstances of the matter in the interest of justice.
