Before the chief election commission Pakistan Islamabad

Subject: ## OBJECTION PARTITION REGARDING DELIMITATION OF PK-36 ABBOTTABAD 1

Respectfully Shewath,

1. That delimitation of district Abbottabad to the intent of national assembly which were EX 17 & 18 while new delimitation is 15 & 16. The new delimitation is more or less is realistic and also as per previous delimitation of the year 1970-71. These new delimitation is naturally, socially and traditionally is suitable and demand of local people.

However, following minor changes are requested.

2. The following patwar circle of Orash Quanugo Halka of Abbottabad Tehsil.

   a. Tarnawai, Bandi Dhundan are corner of the local area of PK-36 Abbottabad, I rather these Patwar Circle are locally and socially adjacent to Baldhari, Banda Qazi, Gojri, Mirpur PK-39 Abbottabad and Patwar Circle Stora are locally and socially adjacent to PK-36 the minor change is at the border line of PK-36 and PK-39 Abbottabad on each site which shall never effect the population and blocks to district level.

   b. The same above mention changes be adjacent in PK-36 Abbottabad 1 and PK-39 Abbottabad, and PK-37 Abbottabad. Such changes are natural and facilitate the population of local area of PK-36, 37and 39 as Turnawai and Bandi Dhundan falls in Patwar Circle of Orash Quanugo Halqa which falls in Pk-39 Abbottabad.

   c. That same delimitation more or less was in the election of 1970. Hence as objected and suggested minor changes as border of PK-36, 37and 39 Abbottabad remaining delimitation in the best interest of the district Abbottabad.

It is humbly requested that objection partition be accepted as prayed for.

③

Your sincerely
