READ WITH RULE 12 OF THE ELECTIONS RULES, 2017 IN RESPECT OF THE
DELIMITATION OF CONSTITUENCY PP-133 (NANKANA SAHIB-III)
PROPOSED IN PRELIMINARY REPORT**

Dear sir,

1. The undersigned is a Member of the Provincial Assembly of the Punjab, PP-173, Nankana (Old Sheikhpura) and a voter in the same constituency which has preliminarily been delimited as PP-133 (Nankana Sahib-III).
2. In terms of the preliminary report prepared by the Election Commission of Pakistan (hereinafter referred to as "the Commission") under section 21 of the Elections Act, 2017 (hereinafter referred to as "the 2017 Act") read with rule 11(2) of the Elections Rules, 2017 (hereinafter referred to as "the 2017 Rules"), the constituency of the undersigned, i.e. PP-133 Nankana Sahib-III, now has a total population of 335,513 and comprises of:

Commission's website has conspicuously excluded three PCs from the said QH. The said QH includes, inter alia, Bar Khurdar PC, Badhe PC and Kot Fazil PC. However, the map published on the website of the Commission (and already attached herewith) specifically excludes these three PCs from PP-133 and, as such, this disparity between the list of constituencies and the demarcation represented on the map begs to be resolved.

[Copy of District Level breakdown of Nankana Sahib District obtained from the Pakistan Bureau of Statistics showing QH-Nankana Sahib II to include Bar Khurdar PC, Badhe PC and Kot Fazil PC is attached herewith as ANNEXURE C.]

4. In view of the grounds detailed in para 3 supra, the undersigned proposes that certain amendments be made to the delimitation of constituencies PP-133 and PP-134 of Nankana Sahib District under the preliminary proposals made by the Commission so as to ensure compliance with the principles of delimitation enumerated in section 20 of the 2017 Act and also to maximise public welfare along with fulfilling the promise of equal suffrage:

PROPOSED AMENDMENTS

- (i) **Jalal Nau PC**, having a total population of 32,216, be included in PP-133 (Nankana Sahib-III).
- (ii) **Badhe PC**, having a total population of 10,839 be excluded from PP-133 (Nankana Sahib-III) and made part of PP-134 (Nankana Sahib-IV).
- (iii) **Kot Fazil PC**, having a total population of 5,648 be excluded from PP-133 (Nankana Sahib-III) and made part of PP-134 (Nankana Sahib-IV).

For facility of reference, a table juxtaposing the delimitation proposed by the Commission with that proposed by the undersigned is reproduced hereunder:

5. It is most respectfully submitted that the proposed amendments detailed hereinabove will not only ensure compliance with the mandate of section 20 of the 2017 Act in letter and in spirit with minimal disturbance to the population ratio, but will also bring about continuity and homogeneity within the district by aligning Jalal Nau PC – which in terms of history, culture and geography, has always been aligned with the constituents of PP-133 (erstwhile PP-173) – with other Patwar Circles of PP-133, where the public have multiple traits and problems in common. Simultaneously, the proposed inclusion of Badhe PC and Kot Fazil PC in PP-134 is also in consonance with the history, culture and geography of that constituency. It may also be noted that the delimitation proposed on behalf of the undersigned will bring the boundaries at least somewhat closer to what they were in the previous general election.

In view of the foregoing, it is most respectfully prayed that the amendments / alterations / modifications proposed by the undersigned in para 4 supra may very kindly be allowed and that the final delimitation of PP-133 and PP-134 be carried out in accordance with the said amendments / alterations / modifications which, it is reiterated, are in the interest of public welfare and in harmony with the principles of delimitation provided for, inter alia, under section 20 of the 2017 Act.

The undersigned also prays for permission to consider and/or press any other suitable amendment / alteration / modification in or to the delimitation proposed by the Commission during his personal hearing, keeping in view the grounds taken in para 3 supra as well as the general principles of delimitation.
