To,
The Honourable
Secretary Election Commission of
Pakistan Islamabad

Subject: Representation under sub-rule (1) Chapter III Delimitation of constituencies for the district Jacobabad exclusively PS-2 Jacobabad II, recently notified delimitations of National and Provincial Assembly Seats

Under signed Shafiq Ahmed Khoso S/o Mir Darya Khan Khoso R/o Village Dinpur Deh Khosa Tapo Thul Purano Taluka Thul District Jacobabad (original extract of voter is attached) and 8 photo copies have been placed in the files, having CNIC # 42301-2211889-7 (photocopies attached).

Recently notified delimitation of National Assembly and Provincial Assembly seats of Jacobabad exclusively Limits of PS-2 Jacobabad II are as under:

| Name of Constituency | Extent of Constituencies | Population |
|-------------------------|---|----------------|
| PS-2 Jacobabad | Taluka Thul excluding the following areas i) Bahadurpur STC and ii) Tapedar Circle Mubarakpur of Thul STC iii) Tapedar Circle of Tanwari of Thul STC of District Jacobabad | 346,083 |
| TOTAL POPULATION | | 346,083 |

Also enclosing Eight 8 maps marked and unmarked (Now same have been marked) showing the Tapedar Circle TC Kot Jangu of STC Bahadurpur Taluka Thul having the population of 12919 to be included /re-delimit in the constituency of PS-2 Jacobabad II.

Shafiq

POINTS TO RE-LIMIT THE CONSTITUENCY

1. TC Kot Jangu which was falling in PS-14 during previous delimitation did not see any development work resulted in total suffering to the people in close proximity.
2. Being people can reach to Thul Taluka HQts within 15 minutes to meet with the officers and officials to visit the Talukka Hospitals for treatment or to have an access to better education.
3. It will be more convenient to the general public to approach their candidate if their TC (TC Kot Jangu) is merged with PS-2 than the other candidate of PS-1.
4. The people of the area have been conveniently reaching to Thul than to Jacobabad.
5. If TC Kot Jangu is merged with PS-2 no any major changes will be made in the map, it will not be odd in old shape and no any major changes will appear in the population of constituency. Geographically TC Kot Jangu is contiguous to other TC's of PS-2 District ie TC Dingarh, TC Bachro and TC Ghari Hassan.
6. It will also be very easy for the elected representations to look after and interact with their respective constituents.
7. As envisaged in the election rules 2017 of the variation of population of constituency not exceeding 10% is permissible which also involves in the instant case. However, it may also be apprised that the population of Thul Taluka is 465424 and stands tall having highest population in the district.
8. Environmental issues would be minimized, since community is not being broken into pieces.
9. Finally it is the aspiration of the public at large beside Kot Jangu people would be very close their Taluka Head Quarter.

SHAFIQ AHMED KHOSO
