**Subject: Objections Over Delimitation of Provincial Assembly Seat (PS-35) in RESPECT TO PS-33/ PS-34 & PS-36@ District NausheroFeroze Sindh.**

This is in reference to the invitation of the objections under section 21 of Elections Act 2017, read with rule 11 & 12 of the election rules 2017 and subsequent application submitted in the past to:

Election Commission as on 4<sup>th</sup> Dec 2012  
Statement in Dawn newspaper as on 20<sup>th</sup> April 2010  
Appeal made to President of Pakistan as on 22<sup>nd</sup> OCT 2009

In respect to the areas encircling previous PS 22 and its importance in district politics, the objections are made over the new ECP delimited PS-35 and the suggested MAP submitted as PS-34.

First of all, District Naushero-Feroze was created in the year 1989, through bi-fercation of District Nawabshah to facilitate Honourable (late) Hakim Ali Zardari sb (father of former President of Pakistan Asif Ali Khan Zardari) on one side & Honourable Ex Prime Minister (late) Ghulam Mustufa Khan Jatoi sb on the other. Elder generations who respected their neighbors and gave consideration in share of authority and equality to related areas and local public have left this world and the proper following of footsteps has seen some lapse and gap due materialism and greed of power.

District in the centre of Sindh may have been a business and industrial hub, however there are areas which are on purpose neglected from flourishing and the areas such as Padidan, Bhiria road and Lakha road and its local public who had defeated the opponent NPP (Jatoi Group) three times in a row on the constituency of PS 22, which had majority of our tribal population of Rajpar tribe. Since last 30 years the area of Padidan which in British time used to be a running aerodrome facilitated for World War 1 & 2, the Railway Junction with cleanest water (now shifted to Rohri) had been neglected from becoming a taluka/ tehsil ( refer attachments).

The present Taluka boundaries have been biased in favor of ruling elite, with divide and rule policies of original Sindhi Smaat as well as settler Urdu & Punjabi public. The sitting past two Chief Ministers with affiliation of Syed factor of the district never on genuine grounds allowed formation of Padidan as Taluka and have ordered to remove the PS-22 constituency upon prejudice of politicians of NausheroFeroze who do not desire the tribal population to stay united.

With respect and integrity of all the electoral process, none of administrative taluka boundaries are natural boundaries, either in respect to the River Indus area, Rohri Canal, Railway tracks or National highways.

The drafted PS 35, in which Padidan was annexed to Naushero City as well as faar flung Dalipota areas has no social or geographic connections from one end of Deh BUKAR to Kachha area of Deh MITHIANI. Some favorite recent advisors of present regime had proposed such unnatural constituencies to once again deprive/divide our votes into PS 33 / 34 and PS 35.

J Mansoor Ali Rajper holding CNIC # 42201 6373908 5 (voter of DehChiho block code 341020405, Serial # 995, house 46,) s/o Sardar Khalid Mian Rajpar state that my father was an ex District Management Officer who resigned from his job in 1991 to look after the affairs of his Chieftain responsibilities.

2

In the last three General elections we supported our tribesman who was successful on PS 22, and to our surprise after the recent population growth, under which circumstances would an area from which the new proposal of Motorway, its interchanges, A railway Junction track, a future CAA airport into consideration shall be removed to develop?

It is pertinent to mention here, that today (1612,373) 16 lacs twelve thousand three hundred & seventy-three people are residing in the District as per census record of 2017, out of which nearly half a million belong to our tribe living in a belt to belt formation naturally since last 200 years with generations of relations among each other. No free & fair election can defeat our people if integrity, dignity and a just consideration is made on factual grounds with transparency.

The details of proposed PS 33/34/35 & 36 areas are given below precisely:

| PROPOSED PS 33, AREAS     | POPULATION |
|---------------------------|------------|
| STC GULSHAN               | 82354      |
| STC HALANI                | 78643      |
| TC HALANI                 | 23,419     |
| TC MEHRABPUR              | 53,394     |
| STC KANDIARO              | 121,806    |
| TC KANDIARO               | 39,379     |
| ABAD TC (FROM STC DABHRO) | 2,989      |
| TTL                       | 401984     |

| PROPOSED PS 34, AREAS           | POPULATION |
|---------------------------------|------------|
| STC LAKHA ROAD                  | 91,824     |
| STC BHIRIA ROAD                 | 77,180     |
| BHIRIA RD TC                    | 25,010     |
| STC PADIDAN                     | 90,810     |
| TC PADIDAN                      | 25,355     |
| NAUSHERO TC ( FROM STC NOSHERO) | 27,665     |
| STC DARYA KHAN MARI             | 53,668     |
| TC DARYA KHAN MARI              | 11,927     |
| TTL                             | 403,439    |

| PROPOSED PS 36, AREAS              | POPULATION |
|------------------------------------|------------|
| STC DABHRO (EX ABAD TC)            | 75,911     |
| STC BHIRIA                         | 161,501    |
| TC BHIRIA CITY #3                  | 14,081     |
| TC THARUSHAH #5                    | 23,272     |
| TC MITHIANI #7 ( FROM STC NOSHERO) | 30,386     |
| STC SEHRA                          | 99,275     |
| TTL                                | 404,426    |

| PROPOSED PS 35, AREAS                               | POPULATION |
|---|------------|
| STC NAUSHERO FEROZE<br>( EX TC NAUSHERO & MITHIANI) | 133,010    |
| STC KEHKAT  | 51,832     |
| STC DURO BEHAN                                      | 38,789     |
| MUNICIPAL COMM MORO                                 | 95,398     |
| STC MORO  | 83,555     |
| TTL   | 402,584    |

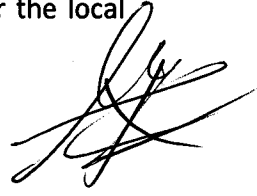

As the election act gives a 10% relaxation of population in the constituencies, I leave discretion of any bordering towns to the necessity of ECP such as Mithiani TC with 20,831 souls to annex to any of its neighboring areas to amend as per necessity.

Darya Khan Mari being the most neglected area of the District is attached with our proposal for PS 34 so basic infrastructure and connecting roads within the district may be constructed, local public travels to Mehran highway Khairpur to get into Nausheroferoze from Padidan.

Being a free citizen of Pakistan, representing to take positive criticism over Provincial politics if it serves any betterment for me, my people and my neighbors, where in near future we shall request to appeal for our community between Khairpur and present Nausheroferoze, as a remedy to be taken under Federal administration.

3

Our humble request to the Election commission is to consider the proposal for PS 34 atleast till the next census of 2028 so that a new representation and just purpose of politics may be served for the local people in Assembly atleast for next 4 general elections.

KARACHI

**NEW CONSTITUENCIES FOR DISTRICT NAUSHERO FEROZE- SINDH**

Dear Sir:

It has come in the news that Syed mafia of Naushero feroze district has misused law to call for new constituencies in district Naushero-feroze, Sindh, that may be based on Tehsil boundaries, as desired by all the natural political rivals of rajpar tribe (the largest single original sindhi tribe in district Naushero-feroze and Kherpur) depriving them of their identity and dividing them into 04 tehsils in District Naushero feroze.

The present ps-22 consists 95% of the rajpar vote, that was in majority for success of the Rajpar candidate.

Please note that Padidan taluka/tehsil has long been neglected to emerge and develop due to tough personal rivalry by syed mafia, and even present Chief Minister a Syed, did not agree on forming Padidan taluka, due to opposition of Syed mafia.

If the new constituencies are to be based on Tehsils/ talukas than Padidan taluka may first be notified under Dehs that are naturally in geography for majority of Rajpar Deh areas, where the basic reason for the new constituencies is to particularly remove the present boundaries of PS-22.

On behalf of Sardar Khalid Ahmad Khan Rajpar and the 4 to 5 lakh Rajpar tribe population in district out of 16+lakh people in the district, I request Election commission that the Deh areas with majority of this tribe may not be further divided in more than present 04 tehsils, that deserve to come together as one Tehsil Padidan and ps22 to continue on its unique position of 04 tehsils.

Bhiria Tehsil itself is not geographically or demographically an entity neither is the new Mehrabpur tehsil. The formation of Bhiria tehsil and Mehrabpur tehsil was to divide Rajpar tribe and its 34 Dehs in the district in 4 to 5 parts.

To provide us with the solution with map at hand and highlighted majority of population areas of my tribe, that are through conspiracy being divided further, so that no Rajpar MPA or MNA could come in assembly, for which the said mafia would invest billions and we would always resist in trillions on its price.

Dated: 04<sup>th</sup> Dec '12.

Thanking you for your concern

Mansoor Ali Rajper (03452236879)  
S/o Sardar Khalid Mian Rajpar (Chief Sardar)  
Ex MNA Tkt holder (PML-N) 1993 (39,000 votes),  
(PPP) 1997 (29,000 votes).
