2. That another fact is the whole district is connected to each other through two main highways i.e Indus Highway (N55) and Motorway (M9).
3. That it is pertinent to mention here that, in notified constituencies it is not considered the above geographical features of the District Jamshoro, so it may review and consider it.

**GROUND FOR PROPOSED COMPOSITION OF PS-82,  
JAMSHORO-III**

1. That we are satisfied with the notified composition of PS-80 Jamshoro I.
2. That proposed composition submitted by representative is based on ground realities of the district is that STC Manjhand and STC Unarpur and TC Lakhri of Majhand STC has only connectivity through Indus Highway, to notified composition i.e Taluka Thano Bula Khan but on the contrary are notified composition it is connected and made a constituency because notified composition was made on map.
3. That the approach of people to his elected representative by Indus Highway which is approximately 150 km away from each other, so it hit the Principles of the Delimitation and make inconvenience to the people of the area.
4. That it is submitted that MC Bolhari and whole Thano Bola Khan Taluka is well connected and adjacent to each other comparatively preliminary notified composition, i.e PS-81 Jamshoro II. So make modification in this regard and declare MC Bolhari & Taluka Bola Khan as a constituency that will be PS-82 Jamshoro III.
5. That the above mentioned proposed composition make equality of voters, geographical features and communicational approach of the people, is more easier than notified compositions.
6. That all the administrative units of the proposed composition is adjacent to each other and balance of population.
