**GROUND**S

- A. That the area of Mera Prang have remain with PK-58 since long, which is evident from the delimitation conducted in the years 1988 and 2002.
- B. That the delimitation of constituencies of PK-59 and PK-58 have been conducted in utter disregard to the provisions of Act No.XXXIII of 2017 as well as the Rules framed thereunder, the principles so formulated have been ignored with impunity.
- C. That the proposed delimitation has been carried out in utter violation of the Election Act, 2017 and the Rules made thereunder without taking into consideration the distribution of population I in geographically areas, physical features, existing boundaries of administrative units, facilities of communication, public convenience and other

cognate factors to ensure homogeneity in the creation of constituency as laid down by section 20(1) of the Act (ibid) r/w Rule 10 of the Election Rules, 2017, which are reproduced for ready reference:

**"Section 20. Principles of Delimitation:-**

- (2) The Delimitation Committee shall also obtain district maps alongwith description, duly authenticated by Pakistan Bureau of Statistics, or, as the case may be, the district head of Revenue Department, prepared on a uniform scale as may be determined by the Commission indicating therein details of all administrative and revenue units in the district to the level of a Patwar Circle or, as the case may be, a Tapedar Circle, as well as prominent geographical and physical features, such as rivers and mountains and any other information as may be determined by the Commission or required by the Committee.

from time to time.

- (4) **The constituency for an Assembly shall not ordinarily extend to more than one district except in exceptional circumstances for reasons to be recorded by the Delimitation Committee: Provided that a Patwar Circle or, as the case may be, a Tapedar Circle shall not be broken under any circumstances:**

*Provided further that in case of urban areas census circle shall not be broken under any circumstances.*

- (5) **As far as possible, the delimitation of constituencies of an Assembly shall start from the Northern end of the district, or, as the case may be, the agency and then proceed clockwise in zigzag manner keeping in view that population among the constituencies of an Assembly shall remain as close as may be practicable to the quota;**

*Provided that the quota under this sub-rule shall be determined by dividing total population of the District or the agency with number of seats allocated to that district or agency;*

*Provide further that the variation in population between two or more constituencies shall not ordinarily exceed ten percent and the Delimitation*

(6)

*Committee shall record reasons if, in exceptional circumstances, the variation has to exceed the limit.*

(6) *For the purpose of preparation of draft proposals for delimitation, the Delimitation Committee may require assistance from any Federal, Provincial or, as the case may be, a Local Government Authority.*

(7) *After the draft proposals for delimitation of constituencies are finalized on Form-5, the Delimitation Committee shall send the same to the Commission, within the time specified and in the manner as may be determined by the Commission.*

- D. That the delimitation of constituency of Assemblies were supposed to start from the Northern End of the District & then proceed area wise in zigzag manner.
- E. That exclusion of PC Mera Prang from PK-58 and inclusion into PK-59 will not only disturb contiguity but also the population of PK-59 as well as the physical features of PK-59.
- F. That by adding PC Mera Prang and Najeem Abad, in PK-59 a natural boundary line formed by river has been disregarded. Thus the physical features, facilities of communication and existing boundaries are absolutely ignored.
- G. That the inhabitants of PC Mera Prang and

W

7

Najeem Abad belong to **Muhammad Zai Tribe**, therefore, by excluding the stated area from proposed PK-58 and disintegrating the tribe into different constituencies is beyond any logic and understanding. On the other hand, the other inhabitants of PK-59 belongs to Hastnagar. The customs, traditions, common interest, livelihood etc of the stated two tribes are patently very different rather in clash with the interests of the other inhabitants of PK-59. Thus the delimitation to the extent of inclusion of PC Mera Prang into PK-59 would create great inconvenience and hardship in selection of their representative during election as it will always be in lack of interest for elector and the voters.

- H. That excluding the same from PK-58 and including in PK-59 will always be defective and neglected, which is obviously against all norms of democracy and obviously against the relevant provisions of the Constitution, 1973 and the law on the subject.
- I. That if the proposed delimitation is finalized, it would create great hardship to the public and would case them great inconvenience.
- J. That exclusion of PC Mera Prang would not effect the population of PK-59 & 58.
- K. That the suggested map of PK-59 is attached herewith as Annex "D")

8

It is, therefore, prayed that the afore stated representation of the petitioner be positively considered and the delimitation of PK-59 and 58 may kindly be reviewed as highlighted hereinabove.
